

### COMPANY CAPABILITY STATEMENT

## Business Registration, Compliance & Registry-Based Verification Support in Nigeria

Fadenbles Multiconcepts Limited supports Nigerian and international clients with business registration, compliance and post-incorporation support, registry-based company verification, registry extract assistance, trademark registration and practical digital setup services.

### Company Details

**Registered Name**  
Fadenbles Multiconcepts Limited

**RC Number**  
9487742

**Country**  
Nigeria

**Coverage**  
Nigeria-focused, remote-friendly

## Core Capability Areas

### CAC Registration Support

Limited company registration, business name support, name availability search, name reservation and incorporated trustee registration guidance.

### Compliance & Post-Incorporation Support

Annual returns support, company record updates, address/director/trustee/share changes, MEMART or object updates and filing guidance.

### Company Verification & Registry Extracts

CAC company search support, registry extract assistance, status checks and factual registry-based verification summaries.

### Trademark Registration Support

Trademark application guidance and filing support for businesses seeking stronger brand protection in Nigeria.

### Website Design & Digital Setup

Business websites, landing pages, domain and hosting guidance, contact forms, basic SEO and practical online presence setup.

### Additional Digital Resource

AI Career, Income & Business Toolkit: a practical digital product for job seekers, freelancers and business owners who want to use AI prompts more effectively.

## Who This Statement Is Prepared For

- Nigerian startups, SMEs and established businesses
- Diaspora-owned businesses and foreign investors entering Nigeria
- International KYB, KYC and business-information teams
- Fintech, banking, legal, procurement and vendor-review teams needing Nigeria registry support

## Why Work With Fadenbles

- Nigeria-focused registry and CAC process knowledge
- Remote-friendly support for local and international clients
- Practical, documentation-focused execution
- Clear service boundaries and professional communication

# Nigeria Registry Verification & International KYB Support

Fadenbles provides registry-based support designed to help teams understand Nigerian company records, confirm available CAC information and manage practical onboarding, procurement, vendor-review or verification requests.
